

Cross-Talk: X is The Queen

Chatter uptick re: how to effectively prevent cross-talk re: anti-narrative across all social media/online platforms.

Ability to prevent cross-talk narrows comms only to FAKE NEWS which provides for more control over what is released to inform the public.

A series of scenarios is currently being conducted ['game the sys'] to test response, risk, and calc results.

'Censorship' [added] layers of inserted code 'through keyword targeting' in bio, history, and comments + indiv platform mods has failed to curtail the problem.

'China-Russia-Iran' 'fake' take-down hacks of select platforms (for maintenance) is one scenario being game-played.

China's 14th Five Year Plan... they put these out, well, every five years.
The goals of the **Key** project, which incorporates the use of artificial intelligence, are:
build DNA storage, brainlike intelligence and human-computer interaction, **biological** knowledge mapping, programmable cellular intelligence, intelligent medical and other cross-fertilization technologies, and promote big data driven life science knowledge discovery and transformation applications, across a number of life and health-oriented disruptive new technologies, and promote the development of new economic models.
Well worth the read and also worth following the author of this article.

Transcripts of Lina Page's Closed-Door Testimonies Provide New Revelations in Spygate Scandal

Transcripts of two closed-door testimonies by Lina Page, the former assistant general counsel at the FBI, have provided new insights into the actions of the FBI, DOJ, and others - including CIA Director John Brennan - regarding their investigation into Donald Trump.

Included in the transcripts provided to us is information suggesting Brennan was aware of the so-called Steele dossier in early August 2017, and that he included information regarding the dossier in a briefing given to then-Sen. Harry Reid (D-Nev.).

Other key points in Page's testimony before Congress:

- The FBI appears to have considered investigating President Trump for obstruction of justice both before and after FBI Director James Comey was fired.
- Page says the FBI refused to pursue "gross negligence" charges against Hillary Clinton over her use of a private email server to send classified information.
- FBI agent Michael Costa, head of the Russian Crime Squad, who received the dossier from former AGU spy Steele in July 2017, is referred to in the transcript as Steele's handler.
- The FBI maintained a previously unknown prosecution file for the Steele dossier. Congressional investigators did not previously know of the existence of this file.
- John Castle, the head of the DOJ's National Security Division, was a large opponent of the FBI's investigative activities through contact with then-Deputy FBI Director McCabe.
- Page worked directly for DOJ official Bruce Ohr for at least five years and had met his wife, Nellie, twice.
- The role of FBI agent Jonathan Kraft and DOJ official George Tsiaos may have been greater than initially assumed.

Page noted that she only traveled abroad once while she worked for McCabe. In December 2016, she visited London. She traveled with her husband and three other unnamed individuals. One individual that Page specified as not being part of the trip was Bill Priestap, the FBI's head of counterintelligence. Page was prohibited by FBI counsel for detailing the purpose of her visit.

Why do we make things public?

(In this global war chess match, Cross-talk or X passport marker confirms that UK's Queen Elizabeth II will attempt to increase the Mainstream Media and Social Media far left narratives meant to maintain control and censorship using China-Russia-Iran cyber hacking and attacks and artificial intelligence, CIA/Mossad fake news social media operatives/platform moderators and commenters but this has failed. Countermeasures are in place, such as the Emergency Alert System, White Hat controlled news and video streaming platforms will be in place and set up essential public utilities to maintain government regulation and chaos control. This will allow for total transparency to the public to provide truth and guidance in this situation.)

(My telegram page is also providing testimonies of Queen Elizabeth II's involvement in attempting to control our US government with the use of spying intel and a ship armada armed with depleted nuclear missiles, mostly obtained from the Iran/Russia/North Korea Uranium deal through taxpayer funding. As head of the Cabal, she orchestrated the use of these tactics along with Barack Obama and Hillary Clinton of the Deep State, garnering this spy information from Clinton's private email servers as well as the Awan congressional DNC servers. This information was also used to create the Steele Dossier a fake Russia election interference document, which Hillary Clinton paid for. This plan, along with a plan to

assassinate President Trump originated in London, the latter occurred on election night of 2016 when Trump beat Clinton.

The Cabal leader, Queen Elizabeth II in the UK was using Israeli NSO Pegasus to spy on everyone as well as DARPA controlled spying/listening phone apps like Facebook, Google and Twitter, she called all the shots through Obama's administration. The exchange of classified information flowed freely with or without the use of FVEY. On the 2016 election night 7 people, Barack Obama, Hillary Clinton, James Comey, Susan Rice, John Podesta, Chuck Schumer and Adam Schiff flew to London to have a private secret society meeting with Angela Merkel, Jacob Wallenberg and Queen Elizabeth II. The meeting was to discuss how to remove Donald Trump from the US Presidency using the one of their armada of ships that have shipping container missile systems that contain depleted nuclear DNC weapons as well as direct energy weapons DWS and they discussed how to keep their worldwide trafficking scheme quiet.

This scheme also includes the harvesting and worldwide supply of adrenochrome from children with the assistance of Shell Oil pipelines. This ships collect the substance (F assets/intel) from the pipelines and deliver to individuals is based on a class system in which ranking determines use of these assets which are used as feed. Low poverty locations are set up as exchange shelters such as Haiti using humanitarian aid organizations like the Red Cross and political organizations like the Clinton Foundation to traffick victims through adoption or other means. A few other ports of call include New York and Los Angeles Ports, Port of London, Red Castle or Gibraltar, Las Palmas Canary Islands, Kenya Mombasa, Brest Port, Sine Port, Saigon, Jeddah and Port Harcourt in Nigeria which hosts the F39 Shell Oil pipeline that pumps Adrenochrome from shore to ship, there are even more ports and exchanges worldwide. Then ships travel around the world to deliver via the class system which includes world leaders, politicians, intel officials like CIA/Mossad, Hollywood elite, social media heads, mainstream media as well as other community leaders. Q2054 - <https://www.whitehouse.gov/presidential-actions/presidential-proclamation-national-preparedness-month-2018/> National Preparedness Month is a time to focus our attention on the importance of preparing our families, homes, businesses, and communities for disasters that threaten our lives, property, and homeland. During this time, we also honor the brave men and women who selflessly respond to crises and disasters, rendering aid to those in need. These first responders, who work tirelessly to safeguard our Nation and protect our citizens, deserve our utmost gratitude and appreciation. Over the past year, communities nationwide and across the Territories have witnessed and endured damage from multiple hurricanes, wildfires, tornadoes, floods, volcanic eruptions, and other natural disasters. The historic hurricane season of 2017 included three catastrophic storms that made landfall within a month, and was followed by a destructive series of wildfires in California. Combined, these natural disasters affected 47 million people and tens of thousands were mobilized to provide aid, comfort, and assistance. We are also especially mindful of those currently

affected by ongoing wildfires in California, Oregon, and Colorado. In spite of tremendous challenges, the resilience of the American people continues to prevail. Tragedies are somber reminders that preparedness is a shared responsibility and that it is critical to maintain readiness. All Americans can prepare for potential disasters by developing and practicing a family emergency response plan, assembling a disaster supply kit, signing up for alerts on mobile devices, setting aside emergency savings, and maintaining adequate insurance policies for their homes and businesses. The Federal Emergency Management Agency's Ready Campaign outlines other important steps to best prepare for a major disaster. This month, I encourage all Americans to take the opportunity to ensure they have an emergency response plan in place and ready to be properly executed. Emergencies and disasters test the resilience and strength of families, communities, and our Nation. It is impossible to avoid every challenge and threat, but we can and must prepare for them. By doing so, we can help protect our communities and save lives. NOW, THEREFORE, I, DONALD J. TRUMP, President of the United States of America, by virtue of the authority vested in me by the Constitution and the laws of the United States, do hereby proclaim September 2018 as National Preparedness Month. I encourage all Americans, including Federal, State, and local officials, to take action to be prepared for disaster or emergency by making and practicing their emergency response plans. Each step we take to become better prepared makes a real difference in how our families and communities will respond and persevere when faced with the unexpected. IN WITNESS WHEREOF, I have hereunto set my hand this thirty-first day of August, in the year of our Lord two thousand eighteen, and of the Independence of the United States of America the two hundred and forty-third.

DONALD J. TRUMP
